

Irthington Village School

EYFS Policy

Date policy adopted by Governors	Scheduled for November 2021
Review date	September 2022
Review schedule	Annually
Review responsibility	Curriculum and Pastoral sub-committee
Signed (Head) <i>Lynn Harrison</i>	Signed (Chair of Governors)

1. Aims

This policy aims to ensure:

- That children access a broad and balanced curriculum that gives them the broad range of knowledge and skills needed for good progress through school and life
- Quality and consistency in teaching and learning so that every child makes good progress and no child gets left behind
- Close partnership working between practitioners and with parents and/or carers
- Every child is included and supported through equality of opportunity and anti-discriminatory practice

2. Legislation

This policy is based on requirements set out in the statutory framework for the Early Years Foundation Stage (EYFS) that applies from September 2021.

3. Structure of the EYFS at Irthington Village School.

We have a mixed age class comprising of Nursery, Reception and Year 1 pupils.

We can accommodate 8 pupils in each year group. The fluctuating cohorts does allow for some flexibility on numbers. We offer places to children aged 3 and 4 years, up to 32 and a 1/2 hours. Eligible parents will be able to access their funded entitlement hours. Reception children attend full time.

4. Curriculum

Our early years setting follows the statutory curriculum requirements as outlined in the latest version of the EYFS statutory framework that applies from September 2021. We offer a broad and balanced curriculum that covers the statutory aspects as well as other knowledge and skills to support pupils' personal development, prepare pupils for their next stage of education and develop the whole child.

The EYFS framework includes 7 areas of learning and development that are equally important and interconnected. However, 3 areas known as the prime areas are seen as particularly important for igniting curiosity and enthusiasm for learning, and for building children's capacity to learn, form relationships and thrive.

The Prime areas are:

- Communication and language
- Physical development
- Personal, social and emotional development

The prime areas are strengthened and applied through 4 specific areas:

The specific areas are:

- Literacy
- Mathematics

- Understanding the world
- Expressive arts and design

These are also underpinned by the characteristics of Effective Learning, as detailed in the framework.

4.1 Planning

Staff plan activities and experiences for children that enable children to develop and learn effectively across all areas of learning, as well as offering them opportunities to develop their cultural capital. In order to do this, practitioners working with the youngest children are expected to focus strongly on the 3 prime areas. Staff also take into account the individual needs, interests, and stage of development of each child in their care and use this information to plan a challenging and enjoyable experience. Where a child may have a special educational need or disability, staff consider whether specialist support is required, linking with relevant services from other agencies, where appropriate. In planning and guiding children's activities, practitioners reflect on the different ways that children learn and include these in their practice. They also show ambitious intent for all children. Staff are expected to develop a strong continuous provision, and then plan enhanced provision and additional adult directed activities to support this. As children progress through the early years foundation stage, key group work, adult-directed and whole class work will be planned, as appropriate for the age and stage of the pupils.

4.2 Teaching

Each area of learning and development is implemented through planned, purposeful play, and through a mix of adult-led and child-initiated activities. Practitioners respond to each child's emerging needs and interests, guiding their development through warm, positive interaction. As children grow older, and as their development allows, the balance gradually shifts towards more adult-led activities to help children prepare for more formal learning, ready for their next stage of education. Timetables are set for each room/year group and are adapted based on the needs of each cohort and the age of pupils within the setting.

5. Assessment

At Irthington Village School, ongoing assessment is an integral part of the learning and development processes. Staff observe pupils to identify their level of achievement, interests and learning styles. These observations are used to shape future planning. All practitioners are expected to show an understanding of what the pupils know and can do and what their next steps in learning are. They are regularly expected to discuss this with the headteacher to ensure we meet the needs of all pupils within the setting and we adapt timetables, the environment and planning to ensure we continue to be ambitious for all pupils.

Within the first 6 weeks that a child starts reception, staff will administer the Reception Baseline Assessment (RBA). At the end of the EYFS, staff complete the EYFS profile for each child. Pupils are assessed against the 17 early learning goals, indicating whether they are:

- Meeting expected levels of development or,
- Not yet reaching expected levels ('emerging')

The profile reflects ongoing observations and discussions with parents and/or carers. The results of the profile are then shared with parents and/or carers. The profile is moderated internally (referring to the Development Matters guidance and our own in school curriculum documents) and in partnership with other local schools, to ensure consistent assessment judgements. EYFS profile data is submitted to the local authority.

6. Working with parents

We recognise that children learn and develop well when there is a strong partnership between practitioners and parents and/or carers. Parents and/or carers are kept up to date with their child's progress and development. The progress check and EYFS profile helps to provide parents and/or carers with a well-rounded picture of their child's knowledge, understanding and abilities.

7. Safeguarding and welfare procedures

We promote good oral health, as well as good health in general, in the early years through our curriculum, for example by talking to children about:

- The effects of eating too many sweet things
- The importance of brushing your teeth.

We also teach E-safety across our EYFS in age-appropriate ways. The rest of our safeguarding and welfare procedures are outlined in our safeguarding policy.

Appendix 1.

List of statutory policies and procedures for the EYFS Statutory policy or procedure for the EYFS
Where can it be found?

Safeguarding policy and procedures See Child Protection and Safeguarding policy (website).

Procedure for responding to illness See Health and Safety policy (website)

Administering medicines policy See Supporting pupils with medical conditions policy (website)
