Dear Parents,

We have recently had several reported cases of head lice and threadworms, which can be transmitted from person to person.

Please can I ask that you check your child/ren's hair and also ask them to take extra care by washing hands thoroughly after visiting the toilet and before eating or preparing food and encourage your children to do so. If you suspect that you, or a member of your family, have either of these conditions please seek medical advice in the first instance.

Yours sincerely

*Lynn Harrison*
